**About the Map Viewer**

**The Voting Districts Map Viewer** provides information on voting precincts, voting poll locations and other voting districts including the Georgia House and Senate districts and U.S. Congressional districts. You may search for any property in the county by address to see the precinct and districts to which it belongs and to see the location of the polling place.

To get started, use the box at the top to search by address or voter district. You can also interact directly with the map and click on parcels to get information.

Click on the map to view voting district information for a selected location.

Select the **Map Content** tab above to display the various districts on the map. All district boundaries viewable on this map reflect post-2010 redistricting.

See the [Help](#) document for more detailed instructions.
