

ARTICLE XIIF

Sandtown Overlay District

12F.1. **PURPOSE AND INTENT.** The Board of Commissioners of Fulton County, Georgia hereby declares it to be the purpose and intent of this Resolution to establish a uniform procedure for providing for the protection, enhancement, preservation, unity of design, and use of places, sites, buildings, structures, streets, neighborhoods, and landscape features in the Sandtown District in accordance with the provisions herein.

This Resolution is adopted as part of a strategy designed to promote the health, safety, order, prosperity, and general welfare of the citizens of Fulton County through the regulation of design, aesthetics, location, bulk, size of buildings and structures, and the density and distribution of population.

This Resolution also seeks to reduce congestion on the streets; to provide safety from fire, flood and other dangers; provide adequate light and open space; protect the natural environment and address other public requirements, in order to provide sustainable development that involves the simultaneous pursuit of economic prosperity, environmental protection and social quality.

This Resolution also seeks, among other things, to promote accepted design principles in areas of new development and redevelopment, to raise the level of community understanding and expectation for quality in the built environment, to protect and enhance local aesthetic and functional qualities, and to stimulate business and promote economic development.

In consideration of the character of the Sandtown District, these regulations are to monitor the suitability for certain uses, construction and design, prevent functional and visual disunity, promote desirable conditions for community and commerce and protect property against blight and depreciation.

12F.2. **SANDTOWN OVERLAY DISTRICT USE REGULATIONS.** The Sandtown Overlay District applies to all properties zoned or developed for nonresidential and residential uses (except single family detached dwelling units) as illustrated on the attached map. Within the Sandtown Overlay District, land and structures shall be used in accordance with the standards of the underlying district.

ZONING RESOLUTION OF FULTON COUNTY

Whenever provisions of this Article conflict with any other Article in the Zoning Resolution of Fulton County or any other Fulton County ordinances, regulations, or resolutions, these standards shall prevail.

- 12F.3. **DESIGN REVIEW BOARD.** The Sandtown Overlay District Design Review Board shall consist of a seven-member board of residents, land owners, business owners, and professional architects and/or land planners, who either maintain primary residences and/or businesses or own land in the Sandtown District. The Board shall review all plans for development in the District for compliance with the standards herein and shall make recommendations to the Department of Environment and Community Development prior to the approval of a Land Disturbance Permit, Building Permit, or Sign Permit.

Members of the Sandtown Overlay District Design Review Board shall be nominated by the District Commissioner and approved by the Fulton County Board of Commissioners. Members shall serve at the pleasure of the Board of Commissioners.

Members of the Sandtown Overlay District Design Review Board will elect a Chairman and a Vice-Chairman. Meetings will be conducted in accordance with Robert's Rules of Order.

Public records shall be kept by the Sandtown Overlay District Design Review Board of its resolutions, proceedings, findings, and recommendations and such records shall be maintained in a place and manner as to allow public access.

- 12F.4. **DEVELOPMENT STANDARDS.**

- 12F.4. A. Buffers and Landscaping

1. 40-foot wide natural, undisturbed buffer except for approved access and utility crossings, improvements, and replantings where sparsely vegetated subject to the approval of the Fulton County Arborist, with a 10-foot improvement setback or as may be approved by the Director of Environment and Community Development, along Camp Creek Parkway.
2. 15-foot wide landscape strip along Campbellton Road and along any other public street when Article 4 of the Zoning Resolution otherwise specifies a smaller landscape strip.
3. 10-foot wide landscape strip along any interior property line adjacent to a nonresidential zoning and/or use.

12F.4. B. Screening

1. Refuse areas and receptacles shall be placed in the least visible location from public streets and shall be enclosed on 3 sides with opaque walls. The 4th side shall be a self-closing gate made from noncombustible materials. Opaque walls shall be a minimum of 12 inches higher than the receptacle. Wall materials shall be noncombustible brick, stone, or split-faced concrete masonry block. Refuse receptacles shall not be placed within 50 feet of an existing residential or AG-1 (Agricultural) zoning district.
2. Accessory site features are prohibited in the front yard of any property.
3. Accessory site features located on the ground shall be screened from view from any public right-of-way, any residential use, or any residential or AG-1 zoning category by one of the following: placement behind the building, 100% opaque fencing, berm or vegetative screen planted to buffer standards.
4. Accessory site features on a roof shall be screened by a parapet or other architectural feature or as approved by the Director of Environment and Community Development.
5. Opaque fences are prohibited adjacent to public streets.
6. Fencing materials along public streets and side yards are restricted to stone, iron, wrought iron, treated wood, white picket, and minimum 3-rail horse fencing with posts.
7. Chain link fencing may be used along golf courses, play fields, and other recreational areas. All chain link fencing shall be black or hunter green vinyl coated.
8. When required, fencing material around detention/retention facilities shall be black or hunter green vinyl coated chain link fence.
9. Retaining walls shall be faced with or constructed of stone, brick, or decorative concrete modular block only.
10. All parking and loading areas shall be screened from public streets by either a minimum 4-foot high berm and/or a continuous hedge of evergreen shrubs.

ZONING RESOLUTION OF FULTON COUNTY

- 12F.4. C. Pedestrian Paths
1. Sidewalks are required along all public and private road frontages.
 2. Except in truck loading and parking areas of industrial and warehouse-distribution uses, internal walkways (paths) are required from the public sidewalk to the main entrance of the principle use of the property and shall meet applicable Americans with Disabilities Act (ADA) standards for slope, width, texture, level differences, and ramps.
 3. Pedestrian paths may be constructed of either colored/textured materials or conventional sidewalk materials and shall be clearly identified.
 4. Pedestrian paths shall be illustrated on the site plan submitted at the time of application for a Land Disturbance Permit
 5. Paths shall be designed to minimize direct auto-pedestrian interaction.
 6. Paths shall be connected to signalized crosswalks where applicable.
 7. Paths shall be direct and convenient routes between points of origin (such as a bus stop) and destination (such as a shop, bank, etc).
 8. Street furniture shall be located outside the specified width of any pedestrian path.

- 12F.4 D. Lighting
1. A lighting plan for open parking lots and pedestrian paths shall be submitted for approval prior to the issuance of a Land Disturbance Permit.
 2. Any lighting fixture shall be a cutoff luminary whose source is completely concealed with an opaque housing. Fixtures shall be recessed in the opaque housing. Drop dish refractors are prohibited. The wattage shall not exceed 420 watts/480 V per light fixture. This provision includes lights on mounted poles as well as architectural display and decorative lighting visible from a street or highway. Wall pack lighting shall be cut-off down directional a maximum of 250 watts. Canopy lighting shall be cut-off down directional a maximum of 250 watts. Canopy lighting shall be cut-off luminaries with a maximum lamp wattage of 400 watts.

ZONING RESOLUTION OF FULTON COUNTY

3. Light sources (lamps) shall be incandescent, fluorescent, metal halide, mercury vapor, natural gas, or color corrected high-pressure sodium (CRI of 60 or better). The same type must be used for the same or similar type of lighting on any one site.
4. Mounting fixtures must be modified in such a manner that the cone of the light is not directed at any property line. The minimum mounting height for a pole is 12 feet. The maximum mounting for a pole is 28 feet. Any fixture and pole located within 20 feet of a residential zoning shall be a type four or forward throw distribution.
5. All site lighting shall be designed so that the illumination as measured in foot-candles at any one point meets the following standards: Minimum and maximum levels are measured at any one point. Average level is not to exceed the calculated value and is derived using only the area of the site included to receive illumination. Points of measure shall not include the area of the building or areas which do not lend themselves to pedestrian traffic. Also, if the major portion of the lighting design is to be in the front of a building, the average level should not be affected by adding a light or two in the back of the same building, which would raise the average of the intended area for lighting.
6. Future renovations, upgrades, or additions to existing facilities prior to the effective date of this ordinance shall not exceed existing illumination levels below. The entire site must be brought into conformance with this article should a renovation, upgrade, or addition occur that would require a land disturbance permit.

Location or Type of Lighting	Minimum Level	Average Level	Maximum Level
Area for display of Outdoor Merchandise	1.0	5.0	15.0
Commercial, Office, and Public/Semi-Public Parking Areas	0.6	2.40	10.0
Multi-Family Residential Parking Areas	0.2	1.50	10.0
Walkways and Streets	0.2	2.00	10.0
Landscape and Decorative	0.0	0.50	5.0

7. Historic period lighting shall be used.

ZONING RESOLUTION OF FULTON COUNTY

8. Lights shall be architecturally decorative with a historic style (includes shepherds crook, pole top, and bollard). The same type of design must be used along pedestrian pathways and/or common areas.
9. Shoe box, cobra lighting fixtures, and neon lighting are prohibited.

12F.4. E. Building Materials and Architectural Treatments

1. Developments shall include architecture elements such as columns, arcades, covered entry-walkways, arches, facade offsets, windows, balconies, offset walls, clock towers, cupolas and/or courtyards.
2. The exterior of all industrial building facades shall be provided with an architectural treatment such as stucco, stone, brick, wood or an alternate treatment approved by the Director of Environment and Community Development.
3. The exterior wall materials of all nonresidential buildings except industrial buildings shall consist of a minimum of 60% (per vertical wall plane) of the following: horizontal clapboard siding, brick or stone.
4. The exterior wall materials of all residential buildings shall consist of a minimum of 60% (per vertical wall plane) of the following: stucco, solid plank, cementitious plank, horizontal clapboard siding, brick or stone.
5. Accent wall materials on residential and nonresidential buildings shall consist of glass, architecturally treated concrete masonry, precast stone, or stucco and shall not exceed 40% per vertical wall plane.
6. The principle entry area of a building shall be articulated and express greater architectural detail than other portions of the building.
7. To the extent any rear or side of any building is visible from any public street or single family residence, architectural treatment shall continue through the rear or side.
